Mr. H. H. Blossom
c/o Olmstead Bros.,
San Diego, Cal.

Dear Sir;

Your letters—the first one raising my hope of seeing you here and the second one to the contrary—were both received and now I am anxious to know when and after reading of Olmstead Bros' resignation if you are able to come.

I sincerely hope that the present trouble does not mean the permanent retirement of your firm from the Exposition business and would consider this a great misfortune.

My business with the Riverside People was settled satisfactorily. I intended to write you this but when I got home I found such an accumulated mass of work awaiting me that time was too short to attend to everything.

If you can find the time let me know what is happening and if we may still look forward to your visit.

Dict. R-WJM

Yours very truly,

P. Redef.
