18 May '11

I understand Mr. Allen objects to the site for the exposition adopted by the Park Commission, <sup>first</sup> ~~mainly~~ because it is in a part of town occupied by cheap houses and which will never be a first class part of the city.

Second because ~~to~~ of the too great prominence in the view of the cheap houses, especially those between 10th St. & the park & between A St. & the park. Also because the High School is thought to be an ugly building and because it and the ~~proposed~~ proposed polytechnic school will damage

the view from the exposition.
