

Resolved, that this Committee thanks the Director of Works for his suggestion that the Exposition be placed on the line of Laurel Street (extended) and that he be informed that this Committee has decided against the idea and requests the Director of Works to cease arguing for it and against the site heretofore adopted by this Committee.

Resolved, that the Chairman inform Mr. Goodhue that it is the wish of the Committee that he should not elaborate nor even present any sketch plan, already prepared to the Committee or to the Director of Works or to any one else, for the exposition on the mesa east of Laurel Street and north of the proposed emergency reservoir, or for any other site other than that near the High School, until requested to do so by vote of the Committee of Buildings and Grounds, nor to argue for any other site in the mean while.
