

March  
Seventh,  
Nineteen Fourteen.

Messrs. Brown & DeCew,  
Room #6 K. P. Building,  
San Diego, California.

Gentlemen:-

Your communication of March Sixth, regarding the sewer connection of the Fine Arts Building to the Main Sewer in Cabrillo Canyon, was taken under consideration at the meeting of the Board yesterday. I am instructed to advise you that the Board agreed to allow One Hundred Dollars (\$100.00) for said sewer, which must include the connection with said Main Sewer in the canyon. However, you can advise your plumbing contractor, Mr. Johnstone, that there will be no fee charged by the City for making said connection. Mr. Johnstone will have to secure the regular permit for making said connection, but the permit will be issued without cost.

Very respectfully yours,

Secretary.
